name the bearded dragons!

for your grade to
WIN the ultimate
hands-on science
excursion!

We will be welcoming two beautiful Bearded Dragons to live with us at the Twisted Moorabbin Centre and would like some help from you to name them both.

Name the two 'bearded dragons' for an opportunity for an entire grade to win a visit to the Twisted Science centre in Moorabbin, opening August 2021.

Entries are open to all primary level grades (P-6) in officially recognised Victorian schools.

The name of the school and grade, with the winning entries, will be credited with a plaque in the bearded dragon enclosure.
